

## Introducing Camp CHaD!

*2020 just got a little better.*

This year has had its challenges, and while we can't replace the traditional summer camp experience, we are bringing the fun to kids virtually! Our community partners are coming together to create and share sessions, which we will bring to your family daily starting July 6 — for FREE!

Your kids can work on an art project, attend a baseball clinic, take up golf and even hear a campfire story! From dance to STEM, we will have lots of exciting content for kids of all ages.

Our partners include:

- ArtisTree
- Hole in the Wall Gang Camp
- NH Fisher Cats
- Stonebridge Country Club
- Vermont Institute of Natural Science

and many more!

*To sign up, visit the link or scan the QR code below.*

<https://bit.ly/2Ms9T8c>

*Camp CHaD is free for kids.*

*Program sponsorships and donations benefit CHaD Child Life.*

## Our Story

*It all began with an injured child, sad to be missing summer camp due to a hospital stay. Our Child Life program, which provides support to kids in the hospital, brought camp to him, with lots of fun daily activities. The patient recovered and went home, but Camp CHaD remained, highlighting the importance of play for many years.*

*Due to the coronavirus pandemic, many children will be missing a traditional summer camp experience. **Through community partnerships, CHaD is bringing virtual camp to kids free of charge — because every kid is a CHaD kid!***

*Sponsorships and donations directly support CHaD's Child Life Program.*

*We are grateful to our community partners for providing fun and engaging programming for kids throughout the region this summer!*
